

DISHWASHER

There are sufficient dishwasher tablets provided for the duration of your stay

It is usually sufficient to set the dishwasher on the economy setting. **WARNING** - the Intensive setting will still be running by the end of your holiday!

OVEN

We endeavour to have the oven in a clean and hygienic condition on your arrival.

Unfortunately, as I am sure you can appreciate, it is very difficult to clean the oven in our limited changeover time if it is left in a dirty/greasy condition. So for the benefit of those who follow please leave the oven and grill as you found it. Thank you.

LODGE & LAITHE (EAST WING)

If you have booked the Lodge and Laithe together we would be grateful if all cutlery and crockery etc. is replaced in the relevant property it belongs before your departure.
